

City of Dyersburg
Storm Water Management Department
NOTICE OF TERMINATION

<p>The purpose of this form is to notify the City of Dyersburg Storm Water Management Department that you, as a permitted operator of storm water discharges from a construction activity, no longer have responsibilities related to erosion and sediment controls at the construction site. Type or print clearly, using ink and not markers or pencil.</p>		
Land Disturbance Permit Number		
Name of construction project (site)		
Street address (or description of location)		
Legal name of construction site operator		
Mailing address	Telephone number and/or e-mail address ()	
Have the storm water discharges with construction activity been eliminated?	YES	NO
If "YES" to the above question, provide a date at which the construction site was finally stabilized.		
Construction activities at the site continue, but my responsibilities with respect to the construction activities have ceased.	YES	NO
If "YES" to the above question, provide the name, mailing address and telephone number of any new operators (for instance, an operator who has taken over your responsibilities) involved with soil disturbance at the construction site.		
Certification and signature (President, Vice President, Land Owner or equivalent)		
<p>I certify under penalty of law that either: (a) all storm water discharges associated with construction activity from the portion of the identified facility where I was an operator have ceased or have been eliminated or (b) I am no longer an operator at the construction site. I understand that by submitting this Notice of Termination, I am no longer authorized to discharge storm water associated with construction activity under this Land Disturbance Permit, and that discharging pollutants in storm water associated with construction activity to the conveyances of the City of Dyersburg is unlawful under the City of Dyersburg Storm Water Ordinance where the discharge is not authorized by a Land Disturbance Permit. I also understand that the submittal of this notice of termination does not release an operator from liability for any violations of this permit, the City of Dyersburg Storm Water Ordinance or the Clean Water Act.</p> <p>For the purpose of certification, elimination of storm water discharges associated with construction activity means that all disturbed soils at the portion of the construction site where the operator had control have been finally stabilized and temporary erosion and sediment control measures have been removed or will be removed at the appropriate time to insure final stabilization is maintained, or that all storm water discharges associated with construction activities from the identified site that are authorized by a Land Disturbance Permit have otherwise been eliminated from the portion of the construction site where the operator had control.</p>		
Print or type name	Signature	Date
<p>Permittees who are presently covered under the City of Dyersburg Land Disturbance Permit to discharge storm water associated with construction activity must submit a Notice of Termination after completion of their construction activities and final stabilization of their portion of the site, or within 30 days after another operator has taken over all of their responsibilities at the site. A permittee cannot submit a NOT without final stabilization unless another party has agreed to assume responsibility for the final stabilization of the site. A completed NOT form should be submitted to:</p> <p>City of Dyersburg Storm Water Management Department P.O. Box 1358 Dyersburg, TN 38025-1358</p>
